

RMCMC Photographer Policy

Recognising the need to record club events photographically and that individual members and visitors may object to being included in photographs, RMCMC has the following policy:-

- only one authorised photographer per club event
- this person to display identification as official club photographer
- those not wanting to have photos taken to record names on list at entrance table
- the photographer must cause minimal disruption to the performers and the audience
- all photos taken at club events become exclusive property of the club
